

## **FORT KAM PAINTBALL SAFETY RULES:**

- Listen to and follow the field staff. Do not argue a referee's decision; do not distract his or her attention from the game.
- Eye Protection: All "goggles-on" areas are identified by "goggles-on" signs. While in these areas, Approved Eye Protection (designed for paintball) MUST be worn by all persons at ALL times. Approved eye protection shall meet or exceed the ASTM guidelines and require .06 lexan lenses positively secured within frames, secured to the head with a head band, and fully enclosing the eye cavity. Goggles must be specifically manufactured for paintball activities. Both the goggle and the mask must be unmodified. No cut-outs, cut-aways, no compromises, no excuses. Rolling up flexible masks is unacceptable. Ear protection is required. All original pins, screws, clips, etc. must be in place. No cracked, painted, or otherwise modified lenses. All the same standards apply to spectators and everyone with access to a "goggles-on" area. Players are not permitted to remove goggles when leaving the playing field. Goggles must remain on until players reach a "safe-zone" (marked by a "Safe Zone" sign).
- Smoking is not allowed in, on, or around the paintball course. There will be no smoke grenades, smoke bombs, or any other smoke or heating generating devices allowed on Ft. Kam Paintball's premises.
- No shooting into or out of the parking area, staging area and neutral zones, or at any objects outside of the Paintball Park. Approved barrel blocking device use is mandatory in these areas. Squeegees, sticks, rags, etc. are not proper barrel blocking devices and are not permitted.
- Shooting is permitted only when on the field, or in a designated area. Do not shoot at wildlife on the field.
- Do not litter, vandalize or behave in an unsafe manner. Do not "blind fire," do not climb trees, do not move, tamper, or climb in/on field structures. Do not encourage unsafe play.
- Person(s) who engage in confrontational arguing, use abusive language, and/or threaten physical violence will be made to exit the premises with no refund.
- Potentially dangerous gear (such as firearms, pyrotechnics and explosives) is prohibited. Personal paintball equipment must be approved by the game site operator or his/her representative.
- No alcohol or illegal drugs are allowed on the premises. Participants that are believed to have consumed alcohol before arriving to the facility will not be allowed to participate and will be made to exit. Making aggressive physical contact, arguing/fighting with another player, staff, or participant poses a safety hazard and will not be tolerated.
- Pump and semi-automatic markers only. Ramping, 3-Round Burst, and Fully Auto are prohibited. All markers must be locked in the semi-auto position. Markers may not exceed the maximum limit of 285 FPS (feet per second).
- Manually adjustable velocity regulators (any system not requiring a tool for adjustment) are prohibited. No tools are allowed on the field during play with the exception of barrel squeegees.
- Do not attempt to remove the power source or other parts from rental markers, and do not tamper with the rental goggle/face mask system.

- Paintball “hits” are indicated when a player receives a “mark” of paint from one shot. “Splatter” marks do not constitute a hit. The ball must hit and break on the player. Judgment will be determined by a referee. Other signs of elimination include: Yelling the word “hit”, or lifting your marker and/or free hand over your head. Once eliminated you must install your barrel blocking device and proceed in a quick manner to the staging area, holding your marker straight up into the air and yelling: “I’m out”, “I have been eliminated”, and/or, “Dead man coming through”.
- Field boundaries are clearly marked and will be briefed prior to the start of play. Crossing boundaries is not permitted and if determined to be the case, will eliminate the player from the game.
- Ft. Kam Paintball is a “Field-Paint Only” establishment. Valken are the only brand of paintballs permitted. If there is a concern regarding your paint, you may be asked to supply the box that your paintballs came in and the paintball’s shell color must match the box’s label color description. Failure to comply with these rules will result in being made to exit Ft. Kam Paintball’s premises for the remainder of the day and will receive no refund.
